## Letters From Our Readers

Comments on the magazine, the sexy ladies, and our readers' thoughts on sex.

Dear 40+ magazine:

Good god is your cover girl Friday a smoking hot fox, and being a connoisseur of female flesh I don't say this lightly. I live in a state college town and am regularly treated to a parade of gorgeous co-eds, and let me tell you that Friday blows them all out of the water. I can just see her now as a sorority mother, teaching her girls how to keep their faces and figures in tip-top form to impress men of all ages throughout their lives.

Friday's luxuriously long, blonde hair with brunette highlights drapes her face in one of those modern, layered cuts, accentuating her deep blue eyes and pouty, full lips, the kind of lips you'd want wrapped around your cock for hours.

I'm a breast man through and through, and Friday's plump D+ cups overfloweth with robust sexuality. With a lot of women beyond their mid-thirties I've noticed quite a bit of saggage in the chest area. Not Friday. Despite their great mass, her tits still hold tight to her body, her nipples standing perfectly at attention beckoning an awaiting tongue. If only they were pierced! And can anyone say MOTORBOAT? Ha.

Okay. I'll admit it. I'm into the whole shaved bush thing. Come on guys — tell me you really enjoy getting a mouthful of pubes when you go down on your girl... Friday's pristine shaved twat is a work of art. Her pussy lips are perfect, so perfect that they call to me. "Jake, Jake. Come stick your cock in me. We want to pleasure you!" Those pics of her with that dildo drove me out of my fucking mind. And the ones of her didling her clit? YOWSA. The only improvement I can see would be if she had a tattoo right above her pussy that said, "Reserved For Jake."

instead of that great big F. (I might take and photoshop her pictures and put that right above her pussy!)

Thanks again for the wonderful pics of Friday. You've given me spank-fodder for weeks, maybe even months. My friends will probably even wonder why I stopped leaving the house!

- Jake

Hot-to-trot, sexy covergirl Friday, spawned a tornado of letters to our office. This buxom blonde struck a passionate chord with both our male and female viewers.

To 40+ magazine,

My name is Josh I am 24 and I'm writing to you because I love older women and very much appreciate your women in 40+ magazines. I guess my love for older women en started back in high school when I had

a huge crush on my social studies teacher. She was beautiful. She had blonde hair and big blue eyes. She stood about 5' 6" and had these breasts that were way too big for her size. I'd often stare at her boobs wishing I could put my face between them and motorboat them. When she'd turn her back to the class, all the guys would give each other the thumbs up with a little wink. They were all thinking the same thing as me. Thank you for taking me back.

The photos of Friday remind me a lot on my old teacher, will you please hire her again?

Josh

To the editor,

My girlfriend Alison and I have a weekly "girl's night" ritual where we get together for dinner, share a bottle of wine or two, talk about our lives, and recap the week's events. Our husbands are very accommodating, usually grateful to have an evening to themselves. This week was no different, except that it had been a trying week for Alison. She'd found a pair of panties under the seat of Ron's car and was none too thrilled about it. They'd be fighting nonstop, and tonight Alison spent most of the first part of the evening crying and trying to figure out what to do.

After dinner and bottle and a half of chardonnay, Alison and I sat on the couch idly flipping channels, the wine and food having taken the edge off Alison's heart pain. Sex and The City, one of our usual favorites, had only seemed to make her feel worse, and frankly neither of us were in the mood for television at that point. Alison tossed the remote onto the coffee table and flopped her head down into my lap. As she curled

up I stroked her hair comfortingly. "You're such a good friend," she said. "Sometimes I wish I could trade Ron for you, only you're missing a major appendage." I laughed as Alison nestled in tighter, and contentedly I leaned my head back on the couch.

was halfway to a nice wine coma when felt a light touch on my inner thigh. My head snapped forward and I looked down to see Alison's hand caressing me. I assumed that she was being absent-minded, also in moderate haze. Her touch actually felt kind of nice. I lay my head back down and began to drift again. Then Alison's hand moved higher up my thigh, and I knew that she was more alert than she let on. Maybe it was all those episodes of The L Word that we'd watched together or those occasional times when we'd watch one of my husband's pornos. But whatever the case I'd become curious about having a lesbian encounter and waited to see what Alison's agenda was. began to stroke her head more firmly, and she responded by doing the same to my thigh, all the while getting closer and closer to my rapidly moistening pussy.

Then it happened. Alison looked up at me as if to ask permission as she slid her hand underneath my shorts and went for it, her fingertips running gently over my panties and my pussylips. I smiled at her and shifted my legs to facilitate her explorations, my wetness readily apparent. Alison dropped a hand to her own crotch and began to mirror her hand motions as the hand focused on me slipped beneath my panties, found my clit, and massaged it in circular motions. grunted approvingly and reached a hand under her shirt and discovered her bra was a front-clasp. I popped it open and started fondling her breasts, squeezing and kneading them and teasing her erect nipples. "It's about time we did this." said Alison breathlessly, clearly enjoying our combined touch.

"Take my shorts off," I said. Alison wasted

no time in undoing and removing my shorts and panties, upon completion burying her face in my pussy. I grabbed the back of her head and pushed her deeper into my crotch, her tongue darting in and out and around my snatch. As she sucked on my clit I rolled my hips to match her motions. On the verge of cumming I let out a moan. Alison responded by additionally stuffing two fingers up my pussy. That did it! I let go and erupted, my hips bucking wildly. Alison's tongue kept on lapping and she moaned too. As I began to settle down, our eyes met and we shared a sultry kiss, the taste of my pussy on Alison's full and pouty lips.

The rest of the evening was filled with blissful exploration. Naturally, I returned the favor, making Alison come more than a few times. We cleaned up and Alison left before my husband came home. I had a feeling girl's night was going to get a whole lot better!

#### Editors at 40+:

can't believe I'm writing this letter! I was at the movies the other day by myself and happened to be standing in line ahead of this gorgeous guy. We made eye contact and smiled at each other when he got in line. When it came to be my turn to pay for my ticket, my credit card got declined. Embarrassed, I fumbled through my wallet for some cash but as luck would have it I didn't have any. At that moment the guy stepped up to the counter and told the clerk to make that two as he handed over his card. I was grateful to have the awkwardness ended, so I graciously accepted his advance. He got us some popcorn and some soda and we headed into the theater.

As we took our seats in the back of the near-empty house, I was nervous as we talked while waiting for the movie to begin. It turned out that we liked a lot of the same

movies and also some of the same music. Soon his jokes and his charming demeanor put me at ease and I relaxed. Then the movie started.

While the movie was playing I'd see him occasionally glancing at me out of the corner of my eye. It was pretty apparent that he was into me, and I was digging him too. About halfway through the movie I blindly reached over for the popcorn bucket in his lap and missed, spilling the popcorn everywhere. theater — the few in the audience were focused on the film. I popped out of my seat, dropped to my knees, and bent down to take him into my mouth. My head bobbed up and down as I sucked his cock with intensity, running my tongue and lips over every inch of it. Then I sucked just the tip as I pumped his shaft with my hand. That did it for him and he let out a stifled moan, filling my mouth with his hot cum. I swallowed it all! Then I got back in my seat while he

Embarrassed again, I reached over to help him clean up the popcorn. To my surprise he had a raging hard-on tenting up his jeans. I looked at him and he smiled invitingly.

I don't know what came over me, but instead of moving to clean up the popcorn my hand made a beeline to his member. I started stroking him through his jeans, and he put his hand on my back and began to massage me firmly. Growing even more bold I unbuttoned his jeans and unzipped his fly. His rock hard cock jumped out through the hole in his boxers. I wasted no time in filling my eager hand with its thickness, deftly working my hand up and down his shaft and up over the tip. His hand was now in hair caressing my scalp.

My god, was this hot! I glanced out into the

put himself away. He put his arm around me and we finished watching the movie, pop-corn still scattered everywhere.

After the movie we went back to his place and fucked our brains out. The next day I tried my credit card again and it worked fine. Clearly it was declined for a purpose, and so far that purpose has proven to be extremely pleasurable. I hope things work out with John. If not, at least I got a good story out of it.

Confessions of a Hot Older Woman

Older women? What about wiser, wilder, wanton women? Because I'm quite prepared to admit that I have every intention of becoming a dirty old woman. Of course I use the word "dirty" rather loosely. I suppose what I really mean is that I expect to still be interested in all things sexual(and especially all things kinky) right to the bitter end! I've certainly become more passionate with age and more interested in experimentation. Don't get me wrong - I've always been highly sexed but it's only in recent years that I've developed the poise, the self-assurance, to be comfortable with my downright horniness! And while I still enjoy "vanilla sex" I enjoy even more exploring my naturally kinky nature and if it's with a man who's younger than me (sometimes CONSIDERABLY younger than me) then so much the better. These days I find myself indulging in all kinds of sexual fantasies in all kinds of places.

The young man at the grocery store, the businessman having lunch in the local bistro - all are likely to be disconcerted by my appraising glance! Since we all know - or SHOULD know - that the most sensitive erogenous zone is between our ears, then it makes sense that it's a woman's aura, her vibe, that arouses a man's interest. An older woman is more likely to give off an air of confidence, an air of knowing just what she wants and how to get it. Such a woman knows her body well and knows how to extract every last drop of pleasure from it. She's comfortable in her own skin and doesn't waste fretting about minor imperfections the way she might have done in her twenties. By the time she's in her forties a woman knows what's important. She knows the value of taking her time, knows that where there's one orgasm, there's also another and another. An older woman is experienced in the ways of pleasing a man and, more importantly, in how to please herself. She's not looking for a man's approval - she already knows who and what she is and what she demands from life. You won't need to spend your time trying to guess what the older woman wants from you - she'll let you know!

A word about "head games" and yes, there's a world of difference between a mind fuck and a head game. The kind of head game an older woman plays is more likely to be a way of enhancing her enjoyment - and her partner's - rather than to bolster a fragile ego as is often the case with a younger woman. Oh, and you won't find an older women asking "What are you thinking?" because, quite frankly, she doesn't much care.

If you want your world to be rocked, rather than just a little shaken, then seek out the older woman - she'll rock your world in ways a younger woman hasn't even thought of yet!
